GraphiStudio Wedding package C 2011

This exclusive personalised wedding package, offers the couple a more bespoke service, incorporating various options of covers, sizes and page finishes.

A revolution for the wedding album – Graphi studio was the first company worldwide to use digital printing to enhance the wedding book, the first to introduce a seamless binding technology and the first to personalised covers in a variety of unique materials and designs.

You are not just choosing GraphiStudio, but a “rewarded” several times best album on an international level.
